Description:

TPCAST Wireless Adapter for HTC VIVE VR Headset

Transform your wired HTC VIVE headset into a wireless virtual reality experience with an adapter tested and endorsed by HTC.

The easy-to-install TPCAST Wireless Adapter transforms your HTC VIVE into a wireless VR experience. The HMD Receiver mounts directly to your HTC VIVE and wirelessly communicates with the included PC transmitter. A highly optimized antenna array and large bandwidth ensure a display experience that's as good as the wired one. And with no cable getting in the way, you have even more freedom to lose yourself completely in VR.
