Description:	Raspberry Pi 3 Starter Kit

The Raspberry Pi 3 Starter Kit is a great way to gain a solid introduction to the small, credit-card sized computer. With this kit you will be able to get your Raspberry Pi 3 connected through our SparkFun Pi Wedge to a breadboard and, by utilizing the Pi's 40-pin GPIO, control pushbuttons, LEDs, and a host of user created circuits.

This kit will not require any soldering and is recommended for anyone with a drive to learn more about the Raspberry Pi and its programming.

Includes:
