Description:

Makeblock 90092 mBot Ranger - Transformable STEM Education Robot Kit

The mBot Ranger 3 in 1 from Makeblock is an intermediate robotics kit for STEM or personal use. It is based around the Me Auriga programmable module with Arduino Mega 2560 compatibility which brings with it excellent online educational and tutorial resources.

The Me Auriga has a wide range of programming options from novice to expert using free Open Source tools including mBlock, a graphical Scratch-like programming tool, all the way up to C/C++ using the Arduino development tools.

Features:

Build 3 x different robots from one kit

Simple to build and program

Range of free programming tools from beginner to advanced

Ideal for STEM applications

Drive the mBot Ranger from your smartphone

Complete kit, just add batteries

Bluetooth v4.0 or better is required for PC or Mac connectivity
