Netduino 3 Ethernet - Netduino Development Board

Listing details

Reference Number: RF745907

Common

Price: $ 59.95

Country: United States

Description:

Netduino 3 Ethernet - Netduino Development Board

Netduino 3 Ethernet includes all hardware features of the Netduino 3, plus MicroSD storage capabilities and 10/100 mbps Ethernet (with SSL/TLS) for fast integrated networking. Compatible with both PC and Mac operating systems.

Product features

Processor: 168MHz Cortex-M4 MCU; 2MB dual-bank flash; 256KB RAM.
Standard I/O: 22 GPIOs combined with SPI, I2C, 4 UARTs (1 RTS/CTS), 6 PWM channels and 6 12-bit ADC channels.
Advanced I/O: 10/100 mbps Ethernet with SSL/TLS. MicroSD storage.
MicroUSB cable included. Source code and design files are all Open Source.
.NET Micro Framework combines the ease of high-level coding and the raw features of microcontrollers. PC and Mac compatible.
