

# Visible Things Industrial IoT Starter Kit

## Listing details

Reference Number: RF29125

### Common

Price: \$ 389.00 Country: United States

Description:

Visible Things Industrial IoT Starter Kit

Manufacturer Part #: VT-SK-002-A01

Alternate Part #: VT-SK-002-A01

#### **Details:**

Visible Things simplifies the complexity of secure edge to enterprise IoT technology. It delivers a complete evaluation and reference platform to connect smart devices right through to the cloud and enterprise software.

Avnet Silica supports an ever increasing range of sensors, connectivity, gateway and security technologies, together with cloud, analytics, mobile and enterprise integration services.

#### **Key Features**

Sensor to server security layer on top of network security
Quick evaluation of end application
Highest degree of flexibility
Reduces development time significantly - time saving
Optimised power consumption
Integrated and tested communication path from Edge to Enterprise
Cloud ready
