Description:

Atmosphere 2018 Las Vegas - March 25-30, 2018

This event is all about how you can use intelligent edge capabilities using Aruba products on the Aruba Mobile First Architecture. There's lots of hands-on training sessions and plenty of opportunities for certification testing too. The Enterprise Network Security track succinctly addresses the plentitude of security issues in IoT, mobile, and cloud, and the innovations that are evolving to address them.

Reason to attend: If you are an Aruba customer or partner and looking to increase your mobile and security strategies for IoT deployments, this is the conference for you.

Date: March 25-30, 2018

Location: Las Vegas, NV [Map]

Cost: $1,095 for Airheads plus technical training. Airheads admission only is $695. Partner admission is $395.
