

Industrial IoT Europe Munich, Germany - 6-7th November 2018

Listing details

Reference Number: RF747644

Common

Description:

Industrial IoT promises to generate a new wave of technological innovation that is set to permanently redefine the current digital landscape. Pioneering businesses are connecting complex, physical machines with first-class analytics to unleash a wealth of new insights that were never before possible.

Companies are looking to leverage Industrial IoT to reduce unplanned downtime, increase efficiency and open up a new era of economic growth and competitiveness. This Summit will bring together forward-thinking companies from the Manufacturing, Energy and Transportation Industries to pave the way for the Industrial IoT revolution.

Date: 6-7th November 2018

Venue:

The Westin Grand Munich
Arabellastrasse 6, Munich, 81925,
Germany
