

2018 International Conference on Internet of Things and Intelligence System (IoTaIS 2018)

Listing details

Reference Number: RF185865

Common

Description:

This conference will provide an international forum for researchers, academicians, professionals, and students from various engineering fields and with cross-disciplinary interests in IoT and Intelligence System to interact and disseminate information on the latest developments.

The conference will include technical sessions, tutorials and technology and business panels. You are invited to submit your papers to the conference. After peer review process, accepted papers will be published in the IoTaIS 2018 Conference Proceedings and presented papers will be submitted to IEEE Xplore after each paper is thoroughly reviewed and (if any) satisfactorily modified according to the reviewer comments.

Date: November 1-3, 2018
