IoT Tech Expo Europe 2019

Listing details

Reference Number: RF873784

Common

Description:

The IoT Tech Expo Europe is Europe's leading IoT conference and exhibition. Key topics examined include: smart building & facilities management, building the connected supply chain, intelligent city and transport management, smart grid data management and analytics, asset monitoring and management, delivering smart connected new products, and more. Exploring the latest innovations within the Internet of Things and covering the impact it has on many industries including Manufacturing, Transport, Supply Chain, Insurance, Logistics, Government, Energy and Automotive, this conference is not to be missed. There will be case studies and dedicated tracks covering the entire Internet of Things ecosystem including Smart Energy & Cities, Developing for the IoT, Connected Industry, Connected Transportation, IoT Innovations & Technologies, Connected Enterprise and Smarts Building and Infrastructure.

The show is co-located with the Cyber Security & Cloud Expo, Blockchain Expo, and AI & Big Data Expo so you can explore 4 areas in 1 place, and discover how these key technologies are converging. Set to host 10,000 attendees including IT decision makers, developers & makers, OEM's, government and council officials, automotive exec's, operators, technology providers, investors, venture capitalists and more, the IoT Tech Expo will showcase the most cutting edge technologies from more than 300 exhibitors and provide insight from over 300 speakers sharing their unparalleled industry knowledge and real-life experiences.
Date : 19 - 20 June 2019
