Description:

Cities 4.0 Summit 2018 Australia

The Cities 4.0 Summit started as a simple idea: Let's connect city and local council leaders with the technology community, business and research institutions to make cities better.

It was an idea that seemed to resonate. The attendees said it was "enlightening", "inspiring" "provocative" and "well organised".

Event Date : 21 March 2018 - 22 March 2018
