

## Hannover Messe 2019 Hanover, Germany - 01-05 April 2019

### Listing details

Reference Number: RF167031

#### Common

##### Description:

The Hannover Messe is the world's leading trade fair for technology combining leading international trade fair (Industrial Automation, MDA, Energy, Digital Factory, Comvac, Industrial Supply und Research & Technology) under one roof. So the exhibition offers a unique theme and product range and reflects with the topics of these leading trade fairs, overlapping each other specifically, the entire industrial value chain ranging from individual components to intelligent factory.

This is also reflected in the motto of the Hanover Fair: the technology world comes to Hanover. Exhibitors have the opportunity to fully exploit the market potential of their company and its products and to establish business across industries.

**Date:** 01-05 April 2019
