

JMoon MakerSpace ,delhi

Listing details

Reference Number: RF179475

Common

Description:

Want to create a prototype of a product you have in mind? Want to brainstorm ideas? Want to collaborate with people for a project you are currently building? Want to create your own Iron-Man suit? MAKE IT HAPPEN at JMoon MakerSpace. Operational since September 2014, JMoon is also India's premier tech makerspace, dedicated to Robotics, Home Automation, Internet of Things, Wearables, 3D Printing and Cosplay!

What is a Makerspace?

Makerspaces are a haven for people who like to build, invent, and tinker. You can become a member to improve your skills on the tools, and create your own projects or startup product ideas.

What is JMoon MakerSpace?

JMoon MakerSpace is a self-sustaining community space, open for all passionate makers to access resources of RoboRium and JMoon Labs.
