Description:

Join 1,000+ STEM leaders from around the world at the 6th annual IEEE Women in Engineering International Leadership Conference (IEEE WIE ILC) happening May 23-24, 2019 in Austin, Texas! IEEE WIE ILC motivates and highlights mid-to-senior level professionals as we work to sustain women in technology and encourage them to thrive and grow in their careers.

IEEE WIE ILC features 120+ speakers from 50+ countries sharing their unique perspectives, experiences, and guidance. In addition, IEEE WIE ILC offers exciting networking activities, energizing breaks, and multiple opportunities to learn, meet new people, and gain inspiration.
