Description:

AI and IoT Summit India 2018

The AI & IoT Summit shall witness key addresses, panel discussion and brain storming sessions on themes across multiple sectors by global, regional and local experts to cut through the hype and share real case studies of successful adoption of projects for implementation.

To build and strengthen a global Community of practices, the Forum sets to bring together Government, Policy makers, Corporates, Think Tanks, start-ups, Research, and Academia. The Forum provides the perfect platform to support a firm collaboration needed for organisations and economies to thrive.
