

Surge Bangkok, 24 May 2019 - 26 May 2019, The Knowledge Exchange: KX, Bangkok, Thailand

Listing details

Reference Number: RF870233

Common

Description:

SURGE Bangkok is a blockchain hackathon with UNICEF Innovation. A student-centric event where participants build and demo blockchain projects that will look to solve local challenges.

This event will have a one-day learning event to teach an introduction to blockchain coding, as well as a two-day hackathon which will have talks from the leading minds in blockchain, and mentors on various topics such as design thinking and pitching.
