Common

Description:

This conference is expected to foster networking, collaboration and joint effort among the conference participants to advance the theory and practice as well as to identify major trends in BLOCKCHAIN and BITCOIN. All these opportunities will support professional growth of younger scientists that will promote future collaborations and enhance participation and contribution to this exciting field.

Our strategy meetings will enhance B2B networking from top and emerging biotech, pharma and IT companies. Our executive roundtable discussions allow in-depth conversations about Blockchain and Bitcoin trends and topics. Intimate and personalized sessions give each delegate a chance to ask relevant questions and contribute great insights on shared challenges that they face.

Another feature of our strategy meeting is the pre-scheduled one-to-one meetings. Looking for ways to optimize your research work. Contact us and we'll connect you with the right subject matter expert from our vast network of experienced Blockchain and Bitcoin operation professionals worldwide.
