

Cambridge Conference on Alternative Finance, 01 Jul 2019, University of Cambridge, Cambridge, UK

Listing details

Reference Number: RF218004

Common

Description:

The Cambridge Centre for Alternative Finance, with the support of the CME Group Foundation, is hosting the fourth annual conference on alternative finance on 1 July 2019 at University of Cambridge Judge Business School (CJBS).

TOPICS:

Topics include but are not limited to:

– Historical perspectives – Throughout history there have always been instruments and channels of finance operating outside of a formal, regulated banking and capital markets system, and this activity has often been a source of financial innovation. Are there parallels between historical and current forms of alternative finance? – Business models – Different types of alternative finance models and how they solve asymmetric information problems in businesses, industries, or countries – Governance models – How alternative finance institutions affect corporate governance or financial policy – Trust and reputation – The evolution of trust and reputation for platforms – Crowdfunding and capital formation for early-stage firms – Network and social effects affecting platform adoption – Alternative analytics and new forms of data – Privacy concerns, security, and risks with distributed financing – Alternative currencies, Exchange tradeable digital assets, Collateralised coins, Digital cryptocurrencies or digital merchant tokens, Sovereign backed issuance – Blockchains, Distributed ledger technologies, Digital Autonomous Organisations, Smart contracting, Internet of things – Regulatory implications of the spread of alternative technologies
