Description:

On July 10th at Tel Aviv Stock Exchange, CryptoGib Tel Aviv will bring together leaders from both these economies as well as operators and investors interested in creating real blockchain businesses.

Israel and Gibraltar are two of the true global leaders in the Crypto and Blockchain economies.

Gibraltar is making crypto happen as the only jurisdiction in the world to have already issued licences to DLT providers including eTorro, Huobi and Coinfloor with over 50 more applications currently being reviewed by the regulator.

Israel is recognised worldwide for its technological innovation and is known as the world's startup nation. Soon it will also be known as blockchain nation with over 200 blockchain startups.
