Description:

The 2nd Annual Conference of Block Hedge Business 2019 At Bangkok Is Set to Create Ripples in The Blockchain World

After putting together, a series of successful blockchain conferences, Block Hedge is all set to unite leading stakeholders in the crypto sphere at Bangkok, Thailand.

Thailand, as we know is one of the most prominent blockchain and cryptocurrency centers on account of its favorable business environment, regulations and tax rates. It is home to few of the most prominent crypto powerhouses, which is why it has been attracting the sizeable attention of all those involved in the field.

In light of its business-friendly environment, blockchain entrepreneurs, key industry individuals, businessmen, top government officials and blockchain enthusiasts have been valuing the region to expand their blockchain technology led business.

To amplify the manifestation possibilities of their growth aspiration, Block-Hedge has been carefully designed as the perfect avenue to bring all together for an insightful day-long event on 23rd August 2019, Bangkok.

The conference is scheduled to take place at Grand Hyatt, with an agenda that is going to be bundled with meaningful takeaway for all those who attend.

The guiding philosophy behind the event is to discover the future and amplify the growth of the most powerful and disruptive technology in the present time.
