Description:

Fireside Summit is the UKs first off-grid startup technology festival, taking place just 5 miles from the city of Bath on Tuesday 3rd & Wednesday 4th September, 2019.

That's what Fireside Summit is all about.

Check out the content tracks at Fireside Summit, with in-depth insight into emerging technology and advanced startups:

- ExRobotica for Artificial Intelligence, Robotics, Automation and Drones
- SavedByTech for Sustainability, Climate Change and Tech for Good
- Tactical Summit for Data, Identity, Security and Privacy
- Blockercon for Blockchain and Decentralised Business
- Startup Creators for Startups, Entrepreneurs and Leaders
- Huddle Summit for Networking, Mentoring and Coaching.

Hang off every word from leading experts in sustainability and technology on the keynote stage, or immerse yourself in interactive sessions like workshops, coaching, training and personal development classes.

Enjoy the ultimate digital detox, find new perspectives and make new friends at Fireside Summit.

And do it all around an excellent campfire!
