| Description: | 7-inch Zed Touch Display Kit |

Manufacturer Part #: AES-ALI3-ZED-G

Alternate Part #: AES-ALI3-ZED-G

The 7-inch Zed Touch Display Kit provides engineers with everything needed to develop products with interactive GUIs and touchscreen capabilities. The kit combines an 800 x 480 WVGA TFT-LCD display with an industrial projective capacitive touch sensor, I2C-based touch controller, LED backlight supply and all the necessary cables.

The touch display easily connects to the ZedBoard™, MicroZed™ with compatible carrier, PicoZed™ with compatible carrier, or Zynq® Mini-ITX through the standard DisplayPort cable and adapter cards included with the kit. The projected capacitive touch overlay provides enhanced touch ruggedness which is suitable for outdoor or industrial environments.

Key Features

Output to integrated 7" WVGA display
Provides benefits of Avnet PCAP touch solution
Touch overlay capabilities
Single finger touch
Up to 6 mm glass panel thickness
Suitable for high humidity environment
Supports industrial requirements
Water rejection and immunity
