Job Description:

#### **GameTech India Pvt. Ltd operating for FirstBlood**

We are a growing team of innovators—engineers, gamers and designers passionate for esports and blockchain. FirstBlood began as a labor of love because we believe in what we want to achieve; a platform where esports players can compete against the best, for real rewards. We are currently on track to become the world's second largest esports competitive platform in the world. This project is a team effort and we can only win together. If you are passionate about gaming, esports, and working with the latest technologies, you will have a blast working with FirstBlood. We are a next generation US growing company located in Boston, Los Angeles and California with global presence in Europe and Asia. We are opening a brand new software development center in a state of the art facility in Mumbai with the goal to scale and support our growing business.

#### **Job Description**

We are hiring a Senior Blockchain Architect with Cosmos.Network expertise to help us build the best gaming platform for esports fans and players.
