Description:

In 2019, the Malta AI & Blockchain Summit will be increasing in both size and scope, reflecting the hypervelocity of advances and immense opportunities that the sector has seen over recent months. Due to increased demand, we're hosting two shows this year - the first in May, and the second in November.

Following the ground-breaking event in 2018, where more than 8,500 attendees came to meet blockchain trailblazers and luminary VIP guests such as Scott Stornetta, John McAfee, and the Winklevoss twins, this year's Malta A.I. & Blockchain Summits will each be expecting more than 10,000 visitors, 400 exhibitors, and 1000 investors, joining the world's leading minds in both AI and blockchain industries.

Taking place from May 23rd to 24th and November 7th to 8th, we anticipate deals surpassing the €100 million generated at the 2018 event - and that's just the ones we know about! Join us and be a part of the future that awaits...
