Job Description:

Job description

Introduction

The Finance & Admin Business Analyst is essential to the ongoing profitable operations for one of the most globally recognized and respected companies in the world. By overseeing our financial activities, you will enable IBM to continue to bring to market ground-breaking innovations such as Artificial Intelligence, Cognitive Solutions, Cloud Infrastructure, and Blockchain technologies, to name a few.

Your Role and Responsibilities

As Lead - Record to Report (R2R), You are responsible for general accounting which include reconciliations, preparation of Balance Sheet and Profit and Loss account, financial analysis and reporting.

- Co-ordinate all accounting activities associated with the General Ledger particularly fixed assets, inter-company, inventory, cash and bank
- Identify risks or opportunities to revenues, cost and profitability and propose appropriate actions

- Ensure client Service Level Agreements (SLA) and timelines are met
