#### Common

Price: \$ 73.29  
Country: United States

Description:  
MPLAB Real ICE ICSP Driver Board

Manufacturer Part #: AC244001

Alternate Part #: AC244001

The MPLAB REAL ICE ICSP Driver Board allows connection to the target device with the standard RJ-11 modular connection. The electrical interface permits programming and debugging operations between the MPLAB REAL ICE system and the target device. This interface is compatible with all RJ-11 modular jacks on all Microchip demonstration boards.
