Title: Internet of Things India expo 2020, 07-09 JULY 2020, Pragati Maidan, New Delhi, India

Description: **Internet of Things India expo 2020**

IoT is changing the world around us, and, with 'Digital India' and the 'Smart Cities Mission,' is using technologies to offer a slew of smart services that are efficient, sustainable, accessible and affordable. Smart city solutions such as smart transportation, smart infrastructure, smart energy, smart communications, smart lighting, etc., function using integrated technologies, such as IoT, cloud computing and artificial intelligence. These solutions reduce costs for governments, citizens and enterprises alike. Enterprise and industrial markets are poised to become the biggest areas where the Internet of Things will be implemented. IoT India 2020 expo will explore the impact of the Internet of Things (IoT) on industries, such as manufacturing, transport, supply chain, insurance, logistics, government, energy and automotive. With 1.9 bn devices expected to be connected in India alone, by 2025, IoT and related technologies will assume unparalleled significance. Across sectors, we will see power grids, vehicles, homes, entire cities and

manufacturing floors being connected. IoT India 2020 expo will focus on the fast-growing IoT infrastructure in India. With a special focus on automation, M2M communication, interoperability, analytics, new business models, this is the must-attend industrial event.
