INTERNET OF THINGS 2020, 1 April 2020, Kattilahalli, Sörnäisten Rantatie 22, Helsinki

Listing details

Reference Number:	RF794738

Common

Description:
The world has changed.

The ongoing digital transformation has affected life, society and economy more than any other technological development before. In search for economic competitiveness and growth, IoT is one of the most crucial questions in the world. With the emergence of new technologies such as AI, machine learning, robotics and blockchain the concept of IoT has exploded in its complexity.

As the borders between industries are fading, this is the time for all companies to accelerate growth by seizing new opportunities and creating significant competitive advantages. Internet of Things 2020 gatherers the whole IoT ecosystem together for a 2 days of new inspiring innovations, real-life customer cases, networking and great atmosphere.
