Job Description:

What You'll Be Doing

- Structure complex and ambiguous strategic problems for the Coinbase leadership team.
- Analyze large amounts of information and data quickly and effectively to reduce complexity and make actionable recommendations for Coinbase.
- Partner with the heads of products and operational functions to use data and insights to make informed judgments.
- Steer large, cross-functional projects and build consensus with senior leadership across the organization.

What We Look For In You

-
- BA / BS degree or equivalent practical experience.
 - 2+ years of experience in management consulting or investment banking (role dependent upon experience level).
 - Solid analytical, problem solving and interpersonal skills.
 - Passion to do whatever it takes to solve complex problems and build scalable processes.
 - Comfort working in a high growth, constantly changing environment.
