Job Description:

At Telstra, we have a clear purpose: to build a connected future so everyone can thrive. We believe it's people who give purpose to our technology. So we are committed to staying close to our customers and providing them the best experience. And delivering the best technology.

This is where YOU come in, by playing your part in helping our customers connect: faster, better and smarter.

Who we are?

Telstra is Australia's leading telecommunications and technology company with a rich heritage that's been built over 100 years. From our humble beginnings in the Postmaster General's Office to the global business we are today our people have been at the forefront of technology innovation. More recently, we have the largest Internet of Things network in Australia and are leading the way in 5G. And this is just the beginning of what we're hoping to achieve together.
