Job Description:

Here Are Some Other Qualities We Are Looking For

- Be great fun to work with. At AWS, we have a credo of "Work hard. Have fun. Make history". In this role, you will love what you do, and instinctively know how to make work fun. You will be dynamic and creative, and willing to take on any challenge and make a big impact.
- Enjoy working with customers of all shapes and sizes. You will have a passion for educating, training, designing, and building cloud solutions for a diverse and challenging set of customers ranging from small businesses to large public sector organizations.

Preferred location: Seattle or Los Angeles, but other major US metros also considered.

Responsibilities Include

- Architect end-to-end solutions for our customers using blockchain and other AWS services.
- Help develop an overall blockchain ecosystem engagement strategy.
