

Bluetooth Manager for WinCE6 binary License

Listing details

Reference Number: RF482456

Common

Price: \$ 5,468.00

Country: United States

Description:

Bluetooth Manager for WinCE6 binary license

Manufacturer Part #: BTMGRWINCEBINARY

Alternate Part #: BTMGRWINCEBINARY

Adeneo Embedded maintains since 2003 its own Bluetooth Manager which provides an easy-to-use graphical interface to identify, list, connect and communicate with devices in the range.

Key Features

A complete set of local and remote profiles support not available natively into Windows Embedded CE Bluetooth stack: The Bluetooth Management (access to the local and remote profiles) is based on a single Dynamic Link Library (DLL) to ease the use in custom device applications; The Graphical User Interface (GUI) relays calls to The Bluetooth Manager DLL.
