Description:

Google Nest WiFi Pro - 6E

The Google Nest WiFi Pro - 6E is a powerful and reliable home Wi-Fi system that ensures fast internet speeds and whole-home coverage. It is a mesh router, which means it uses multiple devices to create a network that covers every corner of your home. This product comes with a pack of three devices, which provides coverage of up to 6600 square feet, making it an ideal option for larger homes or offices.

Snow

Features:

- **Wi-Fi 6E Technology:** Nest Wifi Pro uses the latest, most advanced Wi-Fi 6E technology, which makes it up to 2x faster than Wi-Fi 6, ensuring super-fast speeds and a reliable connection for your entire home.
- **Tri-Band:** The router has three bands: 2.4 GHz, 5 GHz, and the new 6 GHz band, which offers super-fast and reliable speeds for all your devices.
- **Mesh Wi-Fi:** With three Wi-Fi routers, the Google Nest WiFi Pro creates a mesh Wi-Fi system that offers reliable coverage, and you can customize your setup to create the coverage you need.
- **Compatibility:** Nest Wifi Pro isn't compatible with previous Google Wifi or Nest Wifi generations.
- **Automatic Performance Adjustment:** The router automatically adjusts your Wi-Fi network's performance and activity, prioritizing video calls and helping websites load quickly.
- **Consistent Connection:** Nest Wifi Pro has built-in technology to ensure your connection is strong and consistent, even at the edge of your Wi-Fi network's coverage.
- **Self-Monitoring:** The router monitors itself, diagnoses network issues, and can even fix some common issues on its own.
- **Security:** Nest Wifi Pro has secure booting and software updates, which help protect it from running unauthorized software and router hacks.
- **Device Management:** It shows all the devices connected to your Wi-Fi network, allowing you to easily pause access for unknown devices that you don't want to connect to your Wi-Fi. You can also create a guest network that uses a different password, so you don't have to share yours.

Note: Products with electrical plugs are designed for use in the US, and this product may require an adapter or converter for use in your destination. Before purchasing, please check compatibility.
