

Beam Dock

Listing details

Reference Number: RF765537

Common

Price: \$ 245.00
Country: United States
Description:

Beam Dock

Keep your Beam powered up and ready to roll with this charging dock.

To keep your Beam robot ready for action, drive it right onto this handy docking station. It uses standard 120V and 240V outlets and is compatible with any IEC-standard socketed cable. Once docked, a green LED indicates your Beam is charging. And there's no down time—you can keep using Beam's audio and video features while it's recharging.
